## Lead Consultants

- Meet with State Adviser and Event Coordinators on **Sunday, March 15<sup>th</sup> at 3:30 p.m.** in 62/63/64. You will receive all of the event materials at that time.
- Be available from 4:30-5:00 pm for student questions.
- **DO NOT DISCUSS RATINGS WITH ANYONE PRIOR TO THE RECOGNITION SESSION**
- On Monday, meet with all evaluators and room consultants from 7:45 – 8:00 a.m to review how the day will run and answer any questions they may have.
  - Distribute evaluator’s envelopes.
  - Review event procedures.
  - Using the *STAR Events Manual* review each rule for the event, carefully noting specific requirements and ask for questions.
  - Explain each item on the scoring rubric thoroughly and ask for questions.
  - Time shortages should be dealt with in the scoring related to quality of presentation. This is up to the evaluators. Time overages will not happen as timekeepers will ask participants to stop at the maximum time limit.
  - Discuss rubric calculation procedures (level 1 events no lower than 60 points, no more than 10 pt spread between evaluators).
  - Remind evaluators to make comments verbally and on scoring rubrics – suggestions for improvement. Remind them that students are listening to what they have to say intently and will frequently infer their rating from the comments. Caution them on saying things like this was the best project yet, or things indicating that they will advance to NLC. Also discourage them from telling students where they lost points.
  - Explain to evaluators that more than one team can receive a “100” score (if performance warrants such a score). Tie breaker policies are used in case of a tie. Explain to them that removing points for placements (first, second, third) is not necessary and is difficult to explain to students. Encourage high scores if they are earned. Several teams could earn 100 points each if that is warranted.
  - Explain that only two gold teams are permitted to advance to national leadership meeting. If suggestions could be made for the entry to be improved, have the evaluators take that into consideration. Some evaluators mistakenly believe that the top ranked team can proceed to nationals, regardless of score. The top ranked team(s) must have a gold rating to advance.
- Very specific or difficult questions can be directed to the Event Coordinator assigned to your area.
- Return **all** event supplies and signs to the Event Coordinator.
- On Tuesday, during the Recognition Session, arrive early to help seat your group. Assist each group to the stage to receive their medal. Groups should proceed to the side of the stage as the previous group is finishing. Keep on time and task! Event Coordinators will be overseeing the main flow. Please follow any instructions given by them.

**PLEASE DO NOT HESITATE TO ASK QUESTIONS ABOUT YOUR ROLE IN STAR EVENTS!**

*Thank you.*
